Good afternoon.

This is in response to your notification regarding 4 Tanager Rd Subdivision and Site Plan. I am unable to attend the meeting because it is during work hours.

I own and live on 15 Tanager Rd. This is a condominium complex next to single family homes. It should remain residential with single family homes and the complex.

There are already issues with water access as well as traffic and unlawful parking on Stonegate Dr due to the previous allowance of the supermarket and office buildings.

Local roads are at capacity and accidents or near accidents occur daily.

We do not need more congestion and environmental problems.

Respectfully
Anne Babcock
