February 25, 2025.

Dear Sir:

The following are written concerns regarding the proposed 224 Prospect Road Subdivision.

I have a deep commitment to the conservation of wetlands and associated habitat.

We must ensure a world where wetlands flourish.

Based on the above:

- 1) Has an Environmental Impact Study been completed on this property?
- 2) Has a Traffic Study for Prospect Road been completed?

Thank you for your cooperation and attention in this matter.

Sincerely,

MR. FRANK HOGAN
